Every year, we are awed and inspired by the passion, commitment, and dedication that our Sage Award Nominees and Recipients have for their areas of interest and action. This year, we asked the Recipients - what inspires *you*?

Sage Award Recipient 2016 - Education

### **Nepal Project Canadian Women Educators (DKG) Rescuing girls from Slavery to Education**

Canadian Women Educators (DKG) focuses its efforts on preventing girls from being sold into indentured servitude. In partnership with the family, we ensure that these girls will not be sent to work as servants but will receive an education. IWEN is DKG Canada's two-year project (2014 – 2016). Its mission is to increase access to education for (primarily) marginalized females.
