

The strength of Sage is the strength of seniors. Help us stay strong.

Give.

Chances are, when you first came to Sage, you found more than you had been looking for: something special, unique, and worth staying connected to.

Chances are, you share that with others when you can.

At Sage, we want all seniors to be celebrated for their unique perspectives, for contributions past and present, and above all, for their potential.

And we don't want to leave that to chance.

With your donation, we can continue to ensure that seniors are being heard, respected, and supported.

Sage's Seniors Safe House is Northern Alberta's only shelter for seniors experiencing elder abuse.

At our Safe House, seniors are given the time, security, and support they need to move forward from their abusive situations.

Many of our seniors have to leave everything when they leave their abusers, and starting over can mean starting with nothing.

This holiday season, help one of our seniors build a better life by providing them with a few essential building blocks:

- Pajamas and slippers
- Bath towels
- Single sheet sets
- Laundry and dish soap
- Coffee pots
- Hard plastic laundry baskets
- Bus tickets and taxi vouchers
