You can stop participating at any time, and can withdraw your personal information from Sage's records at any time. Please note that online programming may be less private and confidential than face-to-face programming - you may not know everyone who is listening or watching.

By using the Zoom link or toll-free number to call-in or join in the activity online, the participant acknowledges the involved risks, dangers and hazards, which could result in injury or loss, and waives any and all claims for liability for any loss, damage, expense or injury as a result of participating in the class. This program uses video and audio technologies for our sessions rather than asking for participants to come into our building. Sage has purchased the Zoom plan with the highest level of security settings. We do our best to make sure that any information you give to us during programs is private and secure but want to acknowledge that no video or audio tools are ever completely secure

By registering and participating in any online programming provided by Sage, you are providing Sage with access to your name, contact information, and other personal information that you may share. You give Sage permission to use this information to contact you, and to keep track of your participation for internal purposes. You can stop participating at any time, and can withdraw your personal information from Sage's records at any time.
